

Ideas for celebrating Aged Care Employee Day with your team

A meaningful thank you

Sometimes saying a heartfelt thank you goes a long way – a letter from your Director or Chief Executive to each employee to thank them for the incredible work they do, a card for each team member from their manager just to say thanks!

A sweet treat

Invite your local coffee van along to your service, order a delivery of fresh donuts or create an impressive dessert or lolly bar and give your staff some sweet treats to enjoy the day!

Wellness and Spa Day

Host a wellness day and treat your staff to picnic lunch, masseuse visit or a meditation or yoga session! Help them to relax, unwind and feel special.

Lazy lunch on the lawn

Get the team together and order in a delicious feast of something healthy or a treat – pizzas, a salad bar, whatever is available in your local area.

Enjoy your feast together as a team as you celebrate. Treat your staff further with an ice-cream or treat delivery after lunch!

Celebrating night staff or remote workers

We know that not everyone can be there in person for the above ideas. One option is to recognise your remote or night shift employees with a small gift that is available to them when they work next - a small treat, a personalised chocolate freckle, hand creams, bath salts.
